MIDWEST CHAPTER WILD SHEEP FOUNDATION

Help Us Recognize Those Who Made It Possible

CALLING ALL YOUTH WATERHOLE SPONSORS

Since 1989, Midwest Chapter WSF members and supporters have generously sponsored Midwest youth, providing them an opportunity to travel west and participate firsthand in the construction of waterhole development and habitat projects throughout the American West. For decades, these experiences have introduced young people to wild sheep conservation, the landscapes of the West, and the importance of giving back to wildlife and wild places. The generosity represents an investment in the youth of America and helps carry forward the culture of conservation championed by the Wild Sheep Foundation.

The Midwest Chapter is compiling a list of all past youth sponsors so we can recognize and thank everyone who has made these opportunities possible. **We've identified past sponsors, but our list is not yet complete - and we need your help to get it right.**

HAVE YOU SPONSORED A YOUTH PARTICIPANT?

If you have sponsored a Midwest youth participant in the past, please contact us so we can add your name to our records.
